CITY BELLS RANG IN HONOR OF SENATOR BORAH

WHO WAS ACQUITTED OF PARTICIPATING IN GOVERNMENT LAND FRAUDS.

JURY TOOK ONLY ONE BALLOT

Vindicated Statesman Was Given a Great Ovation, and Thanked His Many Staunch Friends.

Boise, Ida., Oct. 3.—United States Senator William E. Borah was acquitted of the charge of conspiracy to defraud the government out of valuable Idaho timber lands. The case was submitted without argument on the part of the defense and the jury was out just long enough to take one ballot. The verdict was greeted by cheers and applause, which the court officers made no effort to restrain. This demonstration in the courtroom.

William E. Borah

served only as a beginning, and as soon as the news reached the outside bells were rung and the fire department made a spectacular run through the principal streets, stopping eventually at the Idaho hotel, where Senator Borah, surrounded by several hundred of his fellow citizens, was escorted. The streets about the hotel were blocked by a cheering throng, where shouts mingled with the strain of the fire engine whistles and clangs of trolley car bells. Senator Borah thanked his hearers for their demonstration and the confidence they had reposed in him.

FOUR HANGED FOR BRUTAL MURDER

Lancaster, Pa., Oct. 3.—Carlui, Delero, Rodelli and Cellone were hanged today for hacking Plato Albanese to death with their stilettos on the night of August 30th, 1906. The victim was sleeping with fourteen other Italians in a shanty at a gap on the Pennsylvania railroad, where they were doing construction work. His murderers entered and awakening sleepers one by one, demanded their money. Albanese alone resisted, drawing a razor and fighting desperately in the dark. The thieves literally cut him to pieces, fired their revolvers into his body and fled. All attempts to save the men failed.

DEMOCRATS PUT REPUBLICANS ON THE CITY TICKET

San Francisco, Oct. 3.—The Democratic convention nominated for Mayor Dr. Edward Robeson Taylor and for district attorney William H. Langdon, present incumbent, and partially completed its work of naming a nonpartisan ticket. Several Republicans were given places. The platform strongly commends the work of the bribery and graft prosecutions.

Mrs. Susan E. Wallace, widow of General Lew Wallace, is dead at Crawfordsville, Ind. She had great literary ability and assisted her husband in his writings.

St. Louis, Mo., Oct. 3.—When Secretary of State Root and Mrs. Root and daughters passed through here en route for Mexico, Mrs. Root, in a brief statement, declared herself emphatically in favor of the re-establishment of the army canteen.

WILL BURN NEGRO FIEND IF POSSE CAPTURES HIM

Quawaka, Ill., Oct. 3.—With the declared intention of burning him at the stake, armed posses are today surrounding the large swamp in which is believed to be hidden the negro tramp who attacked Mrs. John Hathaway, wife of a farmer, because she would not give him food, then tied her four year old boy to a tree and set him on fire, causing his death.

MOROCCO'S SULTAN IS SEEKING PEACE FROM THE FRENCH

Paris, Oct. 3.—M. Tazi, brother of the Moroccan finance minister, who arrived here from Marseilles to negotiate a loan on the jewels of the Sultan of Morocco to meet the war indemnity, etc., in an interview declared the sultan honestly desired to co-operate with France and put an end to the state of anarchy existing in Morocco, and for that reason had invited the French minister, M. Regnault, to visit him at Rabat. M. Tazi added: "The sultan, his ministers and the enlightened Moors, under the bitter experience of the past few years, are convinced of the necessity for reforms. The opposition there comes from the ignorant people and nomad tribes."

WILL EXAMINE THE BOOKS.

San Francisco, Oct. 3.—Interstate Commerce Commissioner Franklin K. Lane began a hearing of complaints to the effect that the Southern Pacific company had granted rebates on interstate shipments to favored shippers. Peter F. Dunne of the law department of the railroad represented that corporation, and vigorously objected to the introduction of the company's books in evidence. The objection was overruled and the books will be scrutinized by the government experts.

Emperor Francis Joseph of Austria is confined to his apartments at Schoenebrunn castle, suffering from an attack of bronchial catarrh.

KIDS SEE THINGS THURSDAY AT THE COUNTY FAIR.

MAY BE MURDER

A fight that may result in the death of Charles (Pink) Luther, took place at the saloon of Dennis George, 201 East Main street, late Wednesday evening, and the police are now looking for a Robert Wilson, a railroader living at 21 South Morris street, who it is said assaulted Luther with some instrument that will probably cause his death.

Luther who resides at 190 Maholm street, left home early in the evening telling his wife he was going con hunting. Later, about 9 o'clock, he returned and dressed in his best clothes and said he was going into East Newark for a while. He went to the George saloon and there got into the argument that resulted in his being struck over the head. Witnesses claim that Wilson struck him, but what was used is not known.

Instead of going to his home after he left the saloon he went to the residence of his brother Clarence, 197 East Main street and went to bed. No attention was paid to him as it was thought he was under the influence of liquor, and when he was called this morning and talked in a deranged manner to those who were at his bedside, it was still thought that he was under the effects of liquor.

Later his wife was called and when she insisted that a physician be called, no attention was paid to her requests at first. But when her husband failed to recognize her, Dr. D. M. Smith was called. An examination showed that Luther had been injured about the head and was in a serious condition. Criss Bros. and Jones' ambulance was called and a fast run was made to the sanitarium, where an exhaustive examination was made of his head.

It was found that a blood vessel had been broken and that probably blood clots would form on the brain and cause his death. The skull is probably fractured at the base of the brain.

His wife and father, Charles Luther, 147 East Main street, were notified of his serious condition and they hurried to his bedside in the Sanitarium.

Luther is a young man, being but 27 years of age, and has been married just a year. The young wife is almost prostrated by the shock, and when seen by the Advocate reporter she sobbed piteously as she told the story of the fight as it had been told to her. None of the details were missing and she said that a friend of her husband, Councilman Joseph Moser, would swear to a warrant that would cause the arrest of Wilson. According to Mrs. Luther, the two men were strangers to each other and had simply met at the bar in the saloon and the argument started, that may result fatally.

The most competent nurses and physicians are at Luther's bedside, and everything that is possible is being done to save his life. The police department was immediately notified, and the patrolmen under Chief of Police Sheridan are working on the case.

No word had been received in the office of the president of the Wabash at Chicago. A train load of doctors has left Jacksonville for the scene of the wreck. The train is the Springfield and Keokuk accommodation.

TENTH VICTIM OF B. & O. WRECK DIED THURSDAY

Bellaire, Ohio, Oct. 3.—William Zimmer of Cambridge, Ohio injured in the Baltimore and Ohio wreck here, is dead, bringing the list of fatalities to ten. The body of L. E. Rowe, said to have been a jeweler employed in the Arcade, Cleveland, still lies in the morgue, unclaimed by relatives.

BISHOP OF LONDON PREACHES TO WALL ST.

Dr. Winnington-Ingram. BISHOP OF LONDON

This is a picture of Bishop of London, who preaching in Trinity church told the financiers of Wall street and others who had come to listen to him, that those possessed of great wealth held it not as owners, but as stewards, and he advocated a return to strict Christian principles as the cure for existing social evils.

PROBLEMS OF GREAT IMPORTANCE WILL BE SOLVED BY EPISCOPAL CONVENTION.

Which Has Assembled for the Forty-fifth Annual Conclave at Richmond, Virginia.

Richmond, Va., Oct. 3.—Facing all of the problems that have been discussed and passed over in conventions gone by and a number of new questions of great importance, the Protestant Episcopal church of the United States assembled for its forty-fifth triennial convention, which is expected to be one of the most interesting in the history of the church. The Right Rev. A. F. Winnington-Ingram, bishop of London, was present and preached the sermon at the celebration of the holy communion in Holy Trinity church, this being the opening ceremony. The only business conventions were for the purpose of organization, the house of bishops meeting in the state capital and house of deputies at the same hour in St. Paul's church. Many of the delegates will urge the passage of a more drastic canon and possibly the prohibition entirely to remarrying of a divorced person by any clergyman of the Episcopal church.

REJECT CHURCH UNION.

Cleveland, Ohio, Oct. 3.—The Free Baptists in national convention here have rejected the overtures of the regular Baptists for church union. The committee reported to the convention that immediate union was impossible. The committee recommended that the Free Baptists seek union with the Congregationalists or Disciples.

GUARDS ON DUTY DURING STRIKE

New Orleans, Oct. 2.—One hundred special guards went on duty at the Stuyvesant docks of the Illinois Central railroad in anticipation of the threatened levee strike, involving 8,000 to 10,000 laborers. The strike extended slowly, two crews of longshoremen quitting on steamers whose crews were set to loading. Between 1,000 and 2,000 men have now formally struck, while hundreds of others are idle and waiting only to be ordered to go to work before joining the strike.

French Ship Ashore.

Kilrush, Ireland, Oct. 3.—The French ship Les XII, from Queens-town Sept. 26, at which port she arrived recently from Portland, Ore., is ashore near Seaford, County Clare. The latest reports said that the seas were breaking over the vessel and that the coast guards had been unable to communicate with her.

Hargrove college, a school for whites and Indians at Ardmore, I. T., was destroyed by fire. Two hundred students sleeping in the dormitories escaped.

THING OF LIFE NOT OF DEATH, IS THE CONSTITUTION

AND SHOULD BE CONSTRUED SO AS TO FIT MODERN CONDITIONS.

SOME SOVEREIGN POWER

Must Be Granted That Can Control Great Corporations, Especially Railroads, Says Roosevelt.

Cairo, Ill., Oct. 3.—An enormous crowd assembled here to welcome President Roosevelt to the city of Cairo. The president and party arrived shortly after 9 o'clock on board the steamer Mississippi. The trip from St. Louis was uneventful.

When the distinguished party came ashore they were taken in carriages to St. Mary's park, where Mayor George Parsons introduced Governor Deneen of Illinois, who in turn introduced the president to the crowd. The president spoke for about an hour, after which the party returned to the boats, which sailed before noon for Memphis. The city was a mass of flags and decorations. Fifty thousand visitors were cared for.

As the steamer passed Alton, Ill., a mammoth poster, placed along the river front, confronted those on board, reading: "This is Alton, 25,000 inhabitants, 25 miles from St. Louis. We have a stork mayor." When President Roosevelt reached here he sent back the following telegram to Alton: "Congratulations to Alton and its 25,000 people, including its stork mayor." The "stork mayor" is Mayor Beall, who constructed flats and rented them only to married couples with children.

President Roosevelt, in his speech at St. Louis, declared it to be the nation's duty to restore the Mississippi river to its proper place as a great artery of commerce, and termed the proposed 14-foot channel from the lakes to the gulf a "national task." He warned against plans which might "entail reckless extravagance or be tainted with jobbery," but urged a liberal waterway policy.

Speaking of the Panama canal the president said: "If we are able to keep up substantially the rate of progress that now obtains, we shall finish the actual digging within five or six years; though when we come to the great Gatun dam and locks, while there is no question as to the work being feasible, there are several elements entering into the time problem which make it unwise at present to hazard a prophecy in reference thereto."

The president took occasion to especially emphasize his views on the necessity for central control of interstate corporations and he frequently departed from his manuscript to elaborate and make clear his views on that point. His contention was that there must be some sovereign power that can control these institutions, especially railroads.

Mr. Roosevelt contended that the constitution must be interpreted to fit modern day conditions and not conditions that existed when it was adopted. "It must be construed as an instrument of life and not a symbol of death," he said, epigrammatically. "The judges of the courts should always stand against popular clamor, but they should also recognize the necessity of a general conservation of the public welfare under present conditions," he asserted. He contended that in taking this position he was fighting the future for the rich, for if the rich commit excesses now, they invite excesses against themselves and their posterity.

He spoke at length of the difficulty in reaching the corporations which are incorporated in one state and operate in another. He instanced especially his experience in getting the Southern Pacific railroad to repair a bruise in the Colorado river. "That disaster occurred in California," he said, "but you suppose I found it possible to deal with the railroad there? No. The railroad is a New Jersey corporation and I had to deal with it as such."

TWELVE MORE

Cases To Be Heard by Grand Jury in "Capitol" Scandal. Then Trial Will Be Fixed.

Harrisburg, Pa., Oct. 3.—Seven more indictments in the capitol prosecutions were returned by the Dauphin county grand jury. Every man named in the prosecutions has now been indicted, and there are still 12 cases to be considered. When the grand jury disposes of these cases Presiding Judge Kunkle will fix the date of the trials.

Ten of District Attorney Jerome's alienists in the trial of Harry K. Thaw have rendered bills for their services. The total is lightly in excess of \$23,000.

AMUSEMENTS

AUDITORIUM.

Another success was scored before a good audience Wednesday evening, when the Murray comedy company played "The Texan." The play, as its name implies, is laid in the Lone Star state, and the costumes and scenery carried out that idea to a marked degree. Many players and the company which has "showed" Newark for several years past, has not lost its reputation by the stand it is making this week.

The specialties were good as usual, and as they are of a high order of merit, the show goes well. On Thursday night "The Demon of Beech Hollow," a decided melodrama, will be produced. The play is of a decidedly sensational order and will probably suit the people who have a taste for thrilling scenes.

UNCLE TOM'S CABIN.

Theatrical seasons come and go, and by the same token plays come and go, but, like the babbling brook of fond remembrance, "Uncle Tom's Cabin" runs on forever. The names of Martin and "Uncle Tom" have been so long in close association that the combination has become almost irresistible. Mr. Martin has abandoned the parade feature. He rightfully claims that a street exhibition of his players places them in the light of freaks, rather than actors, and later robs the story of its real sentiment and comedy that the action of the play calls for. In lieu of the parade, however, Mr. Martin has organized a band of 25 musicians of exceptional merit and at the noon hour and in the evening concerts are given in front of the theaters, and they are concerts in all senses of the word. The program runs the gamut of the classics with encores of popular and latter day medleys. Martin's "Uncle Tom's Cabin" appears at the Auditorium Monday afternoon and night, October 7.

OCTOBER BOOKINGS.

Though the bookings for the Auditorium theater for the month of October are not yet completed, Manager Johnson has succeeded in signing several first class shows for the first of the autumn months. "Uncle Tom's Cabin" is in for 7th. "Simple Simon Simple" is a clever musical comedy written around the newspaper cartoons of that name in next Tuesday night. The 12th, "Sis in New York" will play two shows. Adelaide Thurston is here in "The Girl From Out Yonder" the 14th. The 15th will see Paul Gilmore in "The Wheel of Love." Friday, the 18th, brings Lawrence Evert in "We Are Kings." The 19th, James McCurdy in "The Old Clothes Man," will show here. The 21st brings "Humpty Dumpty." Creston Clark is booked for the 24th. "The Girl From the Sunny South" is here the 26th. The month will close with Al Wilson in "Metz in the Alps."

ORPHUM THEATER.

The real feature of the fair week is the most pleasing bill at the Orphum, and all sight seers should not miss visiting the leading place of amusement and spending an hour and a half in solid amusement, for the cut rate prices that prevail at this theater.

The Orphan quartette, the "Four Singin' Kids," are wonderful vocalists and know how to use their voices singing some of the most popular song hits of the day, in a way that would make you wish their part of the performance was continuous.

The Levolos, wire walkers, are artists performing the most daring stunts. Mr. Levolo rides a bicycle on a wire with the ease and grace as if he were riding on a pavement. The

Nixon & Zimmerman Want to Lease the Play House and Will Retain Mr. Johnson.

A theatrical deal of importance will be consummated in the near future, as the well known play producing house of Nixon & Zimmerman has offered to lease the Auditorium theater for a period of five years. Mr. E. T. Johnson, the present efficient manager will be retained by the corporation to look after their interests in this city.

The firm is acquiring a string of theaters through Ohio, and in each case the standard of shows furnished by the company has been very high. The Weller at Zanesville, and the Chestnut street theater at Lancaster have been recently added to their circuit, and it will mean that many of their productions will be shown here. They are all of a high order, and many plays that might otherwise not reach Newark, will be sent to the Auditorium.

Though the deal has not been absolutely closed, it will probably be brought to a head before long, as Newark is regarded as a good show town, and the big managers have long had their eyes focused on the leading play house in the Licking county capital.

female half of the team is a dainty miss, that captivates the audience.

Eugene Sweet, that funny fellow with his new songs and stories is a treat, having the honor of being away from all other monologues.

Hoyt and McDonald present a neat and most pleasing one act playlet entitled "The Interview," in which the trials of a newspaper reporter are well brought out.

The illustrated song and moving pictures are up to the standard.

Don't forget Friday night is amateur night and Prof. Wm. Muldoon promises to treat us to a bass drum solo. Porter J. White and company will be here next week as the feature act.

THEATRICAL NOTES.

Ross Snow and Gus Pixley, the comedians alternating in the role of King Bunn, in the Nixon and Zimmerman production of A. Baldwin Sloan's and Fredk. Rankin's musical fantasy, "The Gingerbread Man," are a n excellent pair of comedians, evoking vociferous laughter everywhere. This is Snow's fourth year with the company, while Pixley is a newcomer, having last been with "Babes in Toyland," having spent four years with that company.

Harry West, for many years with the Rogers Brothers, has been loaned to the Nixon and Zimmerman Co. for the difficult role of "Spiegelburg" in the musical cartoon extravaganza, "Simple Simon Simple," which Messrs. Nixon and Zimmerman will present here Tuesday next.

Lillian Goldsmith, the bright, vivacious little Hilda, in this year's "Simple Simon" company, is an accomplished cornetist, and has with great success introduced a cornet specialty in the last act of that piece.

Charles Morgan, whose "Magnetism" as Sergeant Barker U. S. A. in "The Tenderfoot," is still fresh in the minds of local theatre-goers, is the comedian creating such a furor in the East as "The Good Fairy" in Nixon and Zimmerman's lavish production of the "Gingerbread Man," which is to be seen here shortly.

Tom Waters, whom Nixon and Zimmerman are featuring in "The Mayor of Laughland," has added a novelty to his famous piano specialty in the imitation of a brass band, that is reported to be his best effort.

MISS GRACE ANDREWS

The government intends to prosecute the authors of the manifesto. War Minister Picquart has ordered that measures be taken to end the anti-military propaganda in the army. At Clermont a young anti-militarist soldier was sentenced by a court martial to three years' imprisonment for denouncing his officers as "bloodthirsty scoundrels."

An interested crowd of faithful women met at the usual place or Tuesday afternoon.

Next the business part was taken up, it being the first Tuesday of the month. Roll call was the order, those responding being as follows:

Metropolitan's Construction Fund.

New York, Oct. 2.—The Metropolitan Street Railway system's "special construction fund" was again the chief object of inquiry before the public service commission, and Lemuel Quigg, as before, gave most of the information. It was charged that this fund included lawyers' fees for creating opposition in Albany to the Belmont tunnel. Quigg told of paying former Judge William M. K. Olcott \$10,000 for "molding public sentiment;" other expenses were \$250 to R. L. Fox, "proprietor of an information bureau at Washington;" \$750 to John Fox for "opposing the Belmont tunnel," and several checks payable to L. A. Newcome, a detective hired to trail William N. Armory, whom Quigg regarded as "the most able and persistent of the company's enemies."

CHILD MEETS WITH BAD ACCIDENT

Shortly before 10 o'clock Thursday morning an accident occurred in the West End that might have resulted fatally. Earl, the little three year old son of Mr. William Russel of 85 Grand street, was on his way to a nearby grocery, and just as he got to the Williams street railroad crossing, a man, whose name is known, drove rapidly down the street, and struck the little boy, knocking him on to the railroad track, where he left him without taking the trouble to see whether he was seriously injured or not. A party who had witnessed the accident, hurried to the spot, and dragged the child off the track just before a train passed. The boy was taken to his home and Dr. Wylarch was called, who dressed his wounds which were of a very painful nature, although not considered serious.

KELLOGG WILL PROCEED WITH THE OIL INQUIRY

New York, Oct. 3.—When the hearing of the federal suit to dissolve the Standard Oil company of New Jersey was resumed here today before Special Master Franklin Ferriss, of St. Louis, deputy Attorney General Kellogg said he knew nothing of a report that John D. Rockefeller was in town. It was understood that the oil king came on quietly from Cleveland, but Kellogg said the move was not made at the instance of the government. At first it was believed John D. and his oil cabinet would be summoned as witnesses, but the government has developed its case so rapidly and so satisfactorily to the inquisitor from other witnesses that it has been practically determined not to subpoena the great chiefs of Standard finances. This decision it is said, has caused considerable uneasiness in the Rockefeller ring and may have induced John D. to hasten his return to his winter home here in order to be near the base of operations. "I shall pursue the investigation just as I have been doing," said Kellogg today.

VISITING FIREMEN RUSHED TO SCENE FROM A BALLROOM

Pittsburg, Oct. 3.—The call of the gong proved too much for a dozen delegates to the Pennsylvania State Firemen's convention early today, when they rushed from the gay ball room in Duquesne Garden, to respond to an alarm a few blocks away. The visitors, attired in evening dress, representing companies from Philadelphia, Uniontown, Mahanoy City, and Sutersville grabbed overcoats and were soon on the job. The blaze proved to be a four story tenement from which 20 occupants were rescued in their night clothes. The total loss was \$5,000. After the fire the visiting delegation returned to the dance and received congratulations and smiles of approval from fair admirers.

IN MEMORY OF LITTLE CHARLEY BAILY. Beautiful baby hands. They were our heart's delight; Hands like the spring time blossoms, Daintiest, pink and white. Chubby and warm and dimpled. Oh, they have found the sunshine, Dear, blessed baby hands. We, through the dark catch glimpses, Knowing God understands. —Written by a Friend.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. A NEWARK CASE.

Many More Like It In Newark.
The following case is but one of many similar occurring daily in Newark. It is an easy matter to verify its correctness. Surely you can not ask for better proof than such conclusive evidence. O. L. Starr, harnessmaker, of 89 Hancock St., Newark, O., says: "My confidence in Doan's Kidney Pills as a kidney and backache remedy is unbounded. In recommending this preparation I speak from experience. For years I was a sufferer from kidney complaint and backache and could get no relief. I had a miserable aching pain in the loins and my back was lame and weak. It was just as bad night or day and when I attempted to stoop or pick up anything a pain would strike me in the back that almost made me fall. If I remained in one position for any length of time and then moved quickly the pain stabbed me like the thrust of a knife. I suffered in this way for years, and all the remedies that I tried failed to help me. I was just as bad as ever when I got Doan's Kidney Pills at Crayton's drug store, and you may believe that I was delighted when the first few doses brought me relief. In less than forty-eight hours the backache was gone and I continued the treatment until entirely free from my old trouble. My wife used Doan's Kidney Pills and they did the same for her, and neither of us have had any return of kidney trouble since using them." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Mrs. Mary Lescalette and Miss Eva Richardson of Newark spent one day last week with Henry Cheek and family. Bessie, the little daughter of Mr. and Mrs. Jacob Lescalette is on the sick list. THESE TWO ARRESTS REVEAL ANOTHER "AFFINITY" STORY IN NEW YORK

New York, Oct. 2.—The first application of the law which became effective Sept. 1, making it a misdemeanor for a married man or woman to live illegally with another, was made when Patrick Hirsch, a wealthy railroad contractor, and Miss Ruby Yargain were held in \$500 bail each. Mrs. Hirsch, wife of the contractor, caused the arrests and revealed another "affinity" story, together with the singular circumstance that Mrs. Yargain, mother of the girl, has been living with the couple and approves of their unconventional union. Mrs. Hirsch was married ten years ago and until three years ago lived happily with her husband. Then she became ill and went to her former home, leaving her son with his father. During this absence, she declares, Hirsch met Miss Yargain in Chicago, became infatuated with her, and finally took her to live with him. When the wife returned to New York, according to her story, she could find neither husband nor part of the room, remarked that she, too, but detectives aided her, and meant to prosecute the couple to the limit of the law. Moved their relations to be right because their souls were one. At the same time Mrs. Hirsch, in another part of the room, remarked that she, too, but detectives aided her, and meant to prosecute the couple to the limit of the law.

JAPAN'S MINISTER OF WAR.

Tokio, Oct. 2.—Secretary Tani and Viscount Teruchi, minister of war, passed two hours today informally discussing relations between the United States and Japan. It is possible their conference will bear fruit in formal negotiations between the two governments. Soon after his arrival Mr. Tani drove to General Teruchi's house. They agreed there was no real difference of opinion menacing to good relations that have existed. Both expressed an earnest wish to take whatever steps are desirable or needed to fully restore and maintain confidence and mutual good feeling. Immigration and naturalization questions were fully canvassed and the way paved for their future tentative consideration.

LISTEN TO ADVICE

Thousands Will Benefit if Statement Made is Only Partly True.

It may be that some persons will be inclined to doubt the statement made by an eminent authority, at a recent meeting, that with a mixture of dandelion, kargon, and sarsaparilla he would give prompt relief to any sufferer of rheumatism or the usual forms of backache, caused by inactive, clogged kidneys, yet many cases of long standing that had been entirely relieved were cited to prove the truth of his assertion. The same authority further stated that many cases which failed to yield to the healing waters of the famous health resorts, or the usual remedies as prescribed, salicylate of soda, potash, colchicum, etc.—were readily relieved by the use of this simple mixture—Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla three ounces. Take a teaspoonful dose after meals and at bedtime. A well known druggist, when approached upon the subject stated that while this prescription, as written, is new, the ingredients are continually prescribed by the best physicians, and any good prescription pharmacy has them; they are inexpensive and harmless to use, and are mixed by shaking well in a bottle. If the claims, made for this mixture, are only partly correct, it would seem that no sufferer here could afford to leave the prescription untried.

SCHOOL CHILDREN ENJOYED THE FAIR

THOUSAND OF LITTLE ONES GO TO THE GROUNDS DURING THE DAY.

New Method of Illustrated Advertising Adopted by the Board Has Brought Results.

The Licking County Board of Agriculture is to be complimented on an original line of advertising. Taking a chance on good weather they put the features to be seen Wednesday, Thursday and Friday evenings in the city papers at a heavy cost. It consists of engravings made each day from drawings on the fair grounds by a special artist. Nothing of the kind has ever been attempted by any county board of agriculture and they are not to be confused with the "stock cuts" now so familiar to the reading public in advertising lines.

The board secured the services of Homer W. Allen, a local artist. He visits the grounds daily and his work not only portrays the actual interest taken in the county fair, but are drawn from life and they give those not fortunate in attending the fair an idea of what is going on there.

Mr. Allen is a young artist of good promise. His ability to hit off the "true to life" scenes might well be limited by those further along in the profession to which he aspires. Various estimates are placed on the crowds today on the grounds. The good weather and the exceptionally fine exhibit of forest, field, factory and stream, has aided the board in having a crowd not often seen on Thursday. Children are in evidence in thousands, and though the predictions are for rainfall along the great lakes the chances are about even that the weather will be good here.

The Brownsville, O., band is on the grounds today. It consists of 16 pieces under the able leadership of Prof. John Max. Finely uniformed and well trained it is meeting the requirements of the hour.

Captain Frank Furr of Coshocton, who is advertised to make daily flights with his airship at the fair met with an experience Wednesday that must have been anything but pleasing.

His big elliptical shaped ship was inflated and ready to sail immediately after the races were over, but some little delay was caused by the engine bucking, but finally this was overcome, and at 5:30 the captain mounted astride the engine, firmly secured to an iron frame platform, called out to those holding the ship "Let go," and as they did so arose gracefully until he had reached a height of about 60 feet.

In trying to skirt the top of a tall oak tree the frame work caught in the topmost branches and for a time the daring navigator was in a most precarious position. He tossed a rope overboard and spectators endeavored to halt the ship to earth, but the rope broke. Capt. Furr then began emptying the sand bags which he carries, in hopes that the ship would rise, but it was no use.

Finally the engine stopped and a Mr. McDonald, who is interested with Capt. Furr, secured a tall ladder and got into the tree. He managed to throw the navigator a rope and a weight was thrown far out over the branches and secured by a crowd below. The big air vessel was then hauled to terra firma and as it started, Mr. McDonald made a flying leap

from the tree and caught the iron rods of the platform, his increased weight helping to bring the ship to earth. Should Mr. McDonald have missed his hold he would have been dashed to earth and probably killed or maimed for life.

Captain Furr will make another flight this afternoon providing the weather conditions are favorable.

"FAIR NOTES"

FLAMES DESTROY LIVERY STABLE

GOOD WORK OF THE FIRE DEPARTMENT SAVE ADJOINING WAREHOUSE.

E. S. Cramer Estimates Loss on the Building and Contents at About One Thousand Dollars.

One of the worst fires that has occurred here for some time was that of Wednesday night, when the livery and boarding stable of Mr. E. S. Cramer was badly damaged by the flames.

A few minutes after ten o'clock Wednesday night Mr. Samuel Oetting turned in the alarm, which was quickly responded to by the Central company and the North End company. When the firemen arrived on the scene the flames had gotten a good hold on the building and the entire roof was ablaze. Three lines of hose, two from the Central and one from the North End were laid, and soon three streams of water were playing on the fire. After working hard for over two hours the firemen succeeded in extinguishing the flames, but only after the entire upper part of the stable had been burned.

At the time the fire was discovered there were twelve horses in the stable, but fortunately, they were all gotten out safely. Two buggies were badly mashed by the portion of the roof of the burning building falling on them. About one and a half tons of hay and one ton of straw were also burned.

The total loss will amount to about \$1,000, on which there is no insurance the policy having lapsed.

A large warehouse, immediately north of the livery stable in which was stored about two thousand dollars worth of furniture and other articles belonging to the Brilliant company, was saved only by the strenuous exertions of the firemen, although some of the goods in the building were damaged by water.

ASSASSINS

Who Caused the Death of Ex-Sheriff Brown by a Bomb, Being Trained by Bloodhounds.

Baker City, Ore., Oct. 3.—The identity of the men who planned and executed the horrible death of Harvey S. Brown, former sheriff and detective, is somewhat nearer solution. The bloodhounds owned by Henry Draper of Spokane have scented the trail of the assassins. The assassins were traced by the dogs to the railway tracks, along the tracks for 100 feet, thence around a warehouse and mill building and back across the tracks up Auburn avenue to Sixth street, where the trail was lost. The county court of Baker county offered a reward of \$5,000 for the capture of the murderers.

Bitten By a Spider.

Through blood poisoning caused by a spider bite, John Washington of Bosqueville, Texas, would have lost his leg, which became a mass of running sores, had he not been persuaded to try Bucklen's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." Heals every sore. 25c., at F. D. Hall, the druggist's.

GREAT SCARCITY OF FARM HANDS

There is a great scarcity of farm hands in Monroe township, and the corn is being gathered, many farmers are up against the help problem. Any man who is without employment can make money these days by going out into the country and hiring himself out to cut corn.

A well known farmer said today the oil company had hired all the available help in that locality for \$2 a day.

Farmers who are now cutting corn are experiencing great difficulty in securing men and the help problem will be a much more serious one from this time on.

The cry for farm hands has gone up all over the county this year. Farm hands are getting board and good wages.

There is always a number of men in the city who are looking for jobs. If they want work and are after it in earnest they could not do better than to get into the country at this time of the year where they will receive good wages and splendid treatment.

RACES PROVE GREAT DRAWING CARD AT FAIR

CLOSE AND EXCITING FINISHES WERE THE ORDER OF THE DAY.

Good Card For This Afternoon and There Should be a Large Turnout.

The management of the Licking County Fair had set aside Wednesday as Ladies' and G. A. R. day and the fair ones and old veterans were everywhere in evidence. After taking in all the sights and various attractions they gathered at the grand stand and in the quarter-stretch and enjoyed an afternoon's sport of good racing. The track was fast and in excellent condition for the two events on the card, a 2:30 trot and a 2:17 pace.

The starting judge was James Walker of Coldwater, Mich., and the speed judges were Seymour Smith of Pataskala, C. S. Hall of Utica, and Ed. Hobart of Granville. The timers were G. R. Boggs and C. G. Cada of this city, and James Webb of Johnstown.

The races were to have started at 12:30 o'clock, but owing to some little delay it was after 1 when the bell tapped calling the horses on the track for the first heat of the 2:30 trot. There were ten starters and the bunch got away nicely on the second score, keeping well bunched until after a half had been reeled when May Temple Mildred Star and Game Rooster pulled away from the others taking a lead of a half dozen lengths. They were hotly chased by Jimson, however, and he closed the gap but the best he could do was finish second, the others finishing in the order named.

It took five heats to decide the race and there were a number of exciting finishes. In the second heat Glenford, who was supposed to be a rank outsider, showed a wonderful burst of speed and in the last two lengths only nosed out May Temple. In fact a blanket would have covered the three leaders.

The third heat was won by Mildred Star as was the fourth, and the fifth was a great surprise to the talent when Glenford came up from ninth position, showing a wonderful burst of speed and won in a heart breaking finish by a nose from Czaretta. The complete summary was as follows:

2:30 Trot—Purse \$300.
Mildred Star, J. R. Curry, 2 6 1 1 3
Glenford, b. g., F. L. Edmund, Thornville, O., 5 1 10 9 1
May Temple, b. m., H. W. Blair, Mt. Vernon, 1 2 5 7 4
Czaretta, Amos Stout, Delaware, 7 9 2 2 2
Game Rooster, Jimson Norwood, Hazel M. and Hazelwood finished in the order named.

Time: 2:29 1-4; 2:26 1-4; 2:27 1-4; 2:26 1-4; 2:26 1-4.

It is safe to state that one of the prettiest races ever pulled off at the Idlewild track followed the trot, the 2:17 pace. There were eight starters and it was a horse race every heat and although won in one, two, three order yet Earnest Burns, who captured the big end of the purse, had to fight hard for the honor.

The get-away after the third score in the first heat was a good one and Starter Walker sent them off in good order. Pilot Burns was touted as the good thing by the talent and and it looked for a time as if it was a sure thing but the big gray stallion left his feet at the three-quarter pole and Ernest Burns took the pole and held it. The horses came down the stretch in a bunch and at the finish there was not over a length and a half between the first four. It was a very exciting finish. Ernest Burns nosing out Pilot Burns, Ben Brew finishing third and Patsy C. Fourth.

The other two heats were hotly contested and as in the first heat the horses finished in a bunch, Ernest Burns coping them both. The summary:

2:17 Pace—Purse, \$300.
Ernest Burns, b. h., M. G. Cole, Gallipolis, 1 1 1
Mazie V., b. m., H. E. Wade,

Coshocton 6 2 2
Pilot Burns, g. s., Chas. A. Slaight, Sabina 2 5 6
Patsy C., G. W. Kinsey, Wheeling, W. Va. 4 3 7
Ben Brew, blk. s., John Dehner, Gahanna 3 7 4
Patsy C. and Ben Brew tied for fourth money; Bessie G. Myrtle Childer and Banner B finished in order named.

Time: 2:18 1-4; 2:18 1-4; 2:18.

Following is the program of today's races:

WRECK CAUSES LARGE DAMAGES TO B. & O. CO.

IT IS SAID THAT ABOUT \$100,000 HAS ALREADY BEEN PAID OUT IN CLAIMS.

Claim Agents Have Made Settlements in Many Cases—General and Local Railway News.

From Wheeling comes the report that the Baltimore and Ohio Railroad company has already paid out a large sum to the victims of the terrible wreck which occurred at Belhairs Saturday afternoon. The sum is rumored to amount to \$100,000, although no official statement has been made. A special from Wheeling says:

"It is known that the claim agents of the company have been around seeking the injured and while the sum, \$100,000, given as the amount already paid out may not be exactly true it is pretty sure that settlements have been made in a number of cases. It is the custom of the railroads to make settlements of wreck claims as soon as possible."

IN POLICE COURT.

The prisoners' row in police court Thursday morning was filled chiefly by old offenders who help pay for their board and room by cracking stone for the city.

Wm. Perffer was taken in at noon by Officer Carroll for being drunk. He drew the same old fine with trimmings even though it was his first offense.

John Garrett a hay baler from Somerset, was drunk and annoying to the other passengers on the B. & O. train from Somerset, so Officer Roberts took him in tow and docked him at the city prison. Five and costs for John.

Jesse Search was three sheets in the wind when Officer Zergiebel fired a shot across his bows and steered him in the direction of the East Main street dock. He annexed the same fine as the others.

Edward Elber took a fast ride to the red brick when Officer Driscoll sighted him. Five and ruffles for Eddie and the stone building on South Third street.

Wm. Myers drew a flying jag out of his booze bottle and when Officer Moore sighted him he was humming. "Up in a balloon boys," and just as the cop nailed him he said, "Cut her loose, boys, let her go." But the best he got was five and ballast. Meyers wants to go up in the air-ship and if he gets out before the fair is over he may take a trip.

J. A. Stone who has been a good deal of a bother to the officers for the past month, got five and costs for his. Stone has been in court twice in the past week.

Ferguson and Cole, the two men who were arrested Wednesday on suspicion, the police thinking they were the men who broke into the office of Hugh De Bord, on West Main street, Tuesday night, were released Wednesday afternoon.

"Pneumonia's Deadly Work

Had so seriously affected my right lung," writes Mrs. Fannie Connor of Rural Route 1, Georgetown, Tenn. that I coughed continuously night and day and the neighbors' prediction — consumption — seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only real cough cure and restorer of weak, sore lungs. When all other remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the real cure. Guaranteed by F. D. Hall, druggist. 50c. and \$1. TIGERS HAVE A STRANGLE HOLD ON THE PENNANT

Washington, Oct. 3.—Twice victorious over the Washingtons Wednesday, coupled with the defeat of the Philadelphia by the Cleveland, Detroit now lacks only a fraction of a point from being the undisputed champions of 1907. Already Manager Jennings and his men are hailed as the victors, and they are being overwhelmed with congratulations from all points in the American league circuit and elsewhere. In virtually winning the American league championship Wednesday the Detroiters fairly outplayed themselves. Killian pitched three innings of the first game and gave way to Mullin, who performed so well that he came back and pitched the second game in even better form. Cobb's baserunning was the feature. He stole four bases in the first game. Schaefer led the winners with the stick, getting eight hits, four in each game. Cobb was a close second, with seven.

TALES OF DEALS IN TIP TOP TOWN

Walter East will not be manager of the Akron baseball team next season.

The fans and baseball public at large in the town of rubber are tired of him. They want a new head to the team. They say his best days of baseball are over.

Akron is mighty sore over losing first place. There are ugly stories floating around the town and unless there is a mighty big change in the entire management next season, baseball will be a bigger loser in 1908 than it has been this year.

REFUSE SUBSTITUTES.

The fans in Akron accuse Cecil Armstrong of selling out to Youngstown for \$500. The last game he pitched there he was knocked all over the lot and it is said that he got 500 bones to put 'em straight over. Armie denies it. Other crooked deals are reported and East figures in o. of them.

The writer was in Akron Saturday and learned that the town as a whole is disgusted with its baseball team. One main street business man said: "That deal whereby the umpire forfeited the postponed game to Akron from New Castle was a farce. It was disgusting when we know that there was no postponed game to be played here." The sentiments of others who talked over conditions were about the same.

The attendance this season in Tip Topville has been mighty weak. It has been no unusual thing for a crowd of not more than 75 fans to be at a game. There has been large crowds there also, but the big days were not sufficient to offset the small attendance on other days.

The conditions can be summed up in a nut shell: The fans are dead tired of East. The Massillon football deal, in which Blondy Wallace figured, has not blown over and for that reason many good baseball fans never went near the park all season.

The Akron newspapers have stuck to East and his team with loyalty all season, but their efforts could not overcome the prejudice and disgust held against the manager.

It was expected that the Rubber-necks would finish in second place, but the road trip shaved them down into third. When the results of the Saturday's games were flashed from New Castle Saturday there was nothing much said by fans. They seemed to expect it.—New Castle Herald.

MELANGE OF SPORT.

Manager Robert Berryhill and Bunnie Pearce will leave tonight for Lebanon, Ind., the former's home. Bunnie and Bob will spend a little time in the field, trapping and hunting and have promised some of their Newark friends a bag of game. After a month's visit with friends Bunnie will leave for Massillon where he will spend the winter with his parents, who are engaged in the hotel business. Bunnie will catch in an exhibition game at Indianapolis Sunday for an all professional team.

Harry B. Stone, representing several Eastern sporting publications, was in the city Wednesday, secured several snap shot views of the races, and left Thursday for Columbus.

Manager Samuel Wright, of the Youngstown team, will be manager of the Champs' next season.

Jack Sheridan and Hank O'Day will be the umpire for the world's championship series. James Johnstone and Billy Evans will officiate in the past-season St. Louis series.

The agitation caused by numerous injuries to baseball players this year through contact with the spikes worn on their shoes by opponents has led to the promise of a reformation in the matter before another season.

Following the refusal of the Akron club directors to allow the Akron players to use their uniforms on the ball park for a series of exhibition games with Youngstown the Akron team has disbanded. Toronto was scheduled to play at Akron Saturday, but the Canucks have been told not to come.

Shortstop Crowder of Evansville, Ind., was knocked partly unconscious in a game with Terre Haute and had no recollection of making a home run until later. Most men who make home runs when in a dazed condition are brought to their senses promptly.

John W. Gates is looking for a racing stable in England. If he knows as much about racing stables as about the proper time to desert Wall street, they may as well begin to shove the plate his way.

The meanest roast of the season is let loose by a Washington critic, who says the reason the Cardinals never used the squeeze play is that the presence of a man on third base is an essential.

They have finally got wise to Tommy Connolly's umpiring down in good old Philadelphia. The things those mild-mannered Quaker critics are saying about Terrible Tom's work in the tie game with Detroit are something scandalous.

Germany Schaefer has an offer of \$500 a month, three year contract, to manage Geo. Tebeau's Louisville club. But the Tigers will never let that boy go. He and Cobb are just about winning the pennant.

Tim Hurst is a good umpire in this respect: The players can't bluff him.

Games with time limit attachments will be tabooed by the Detroit club in the future.

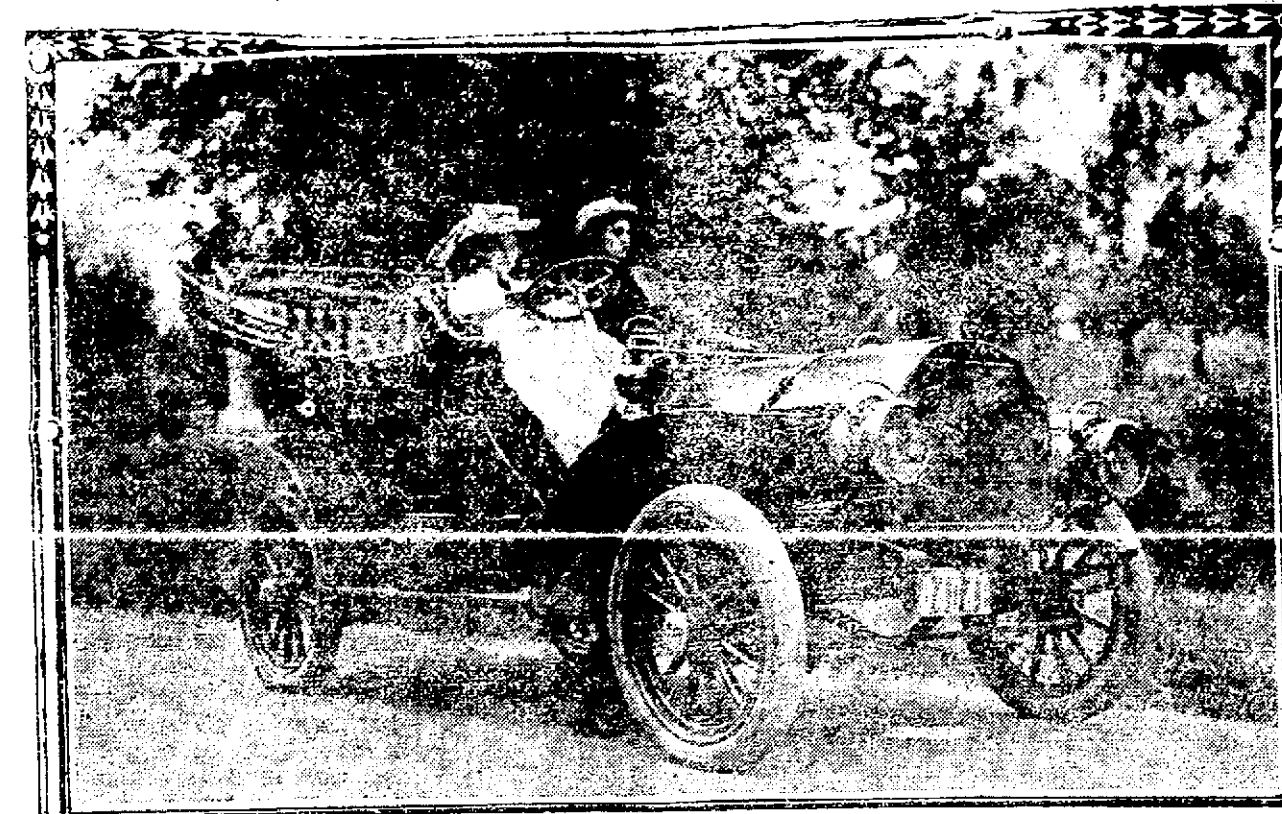

Manager Jones says his world's champions are in the fight to stay, and have an idea they will land the money.

Manager Jones has 17 White Sox players on the final eastern trip, including Ishell, Quillin, Fiene and Owen were left at home.

Charlie Wagner of the Boston, seldom says a word while on the diamond.

Larry Schlafly has become the

champion pinochle player of America.

Nick Altrock won a game for Chicago on May 11, and then went nearly four months without winning another.

Joe Cantillon remarks that T. Smith, the young Texan with Washington, will play shot regularly next year.

The St. Louis Browns have been a veritable thorn in the side of Detroit and Cleveland this year.

Four members of Ban Johnson's staff, Hurst, Sheridan, O'Loughlin and Connolly, have been umpiring 10 years or more.

It was learned from official sources that Bender, the great Indian pitcher on Manager Mack's staff and the man who kept them in the race all season, would not handle a ball again this season. Bender's arm is so crippled from overwork that he has been ordered by the doctor to keep out of the game for the rest of the season.

MRS. LUSKEY KEEPS MARION MEN'S RECORDS

Mrs. Charles Luskey, wife of Marion's star catcher, kept the batting and fielding averages of the Edna Burners during the season just closed. Mrs. Luskey's official report as published in the Marion Mirror, and full credit is given her for keeping the figures. Judging by the batting average of her better half, 250, Mrs. Luskey didn't hunch a bit in the old man's favor.

FINE EXHIBITION

Prof. J. Gerstel, champion pool and billiard shot of the world, gave an exhibition of fancy and difficult shots at the parlors of Schaller Bros. Wednesday evening, which was witnessed by a large audience. Some of the shots which the professor makes are simply marvelous and look like impossibilities. His trick shots border on the line of sensationalism and must have taken years of practice to enable him to make them. The professor will give a second exhibition this evening at the same place at 8 o'clock.

NEWARK HIGH AT MT. VERNON SATURDAY

The Newark High school will go to Mt. Vernon Saturday to play the Mt. Vernon high school.

This promises to be a very interesting game for the reason that the Mt. Vernon team will average 165 while the Newark team will run about 140 and under.

Newark is exceptionally light this year, but expect to make up in speed what they lack in weight.

The team will be accompanied to Mt. Vernon by Profs. Milison and Carpenter, who will act as officials.

Newark's line up is as follows: Perry c. Martin lg. Ramsey lf. Warner lc. Tritipo rg. Gleichauf rt. Jackson lb. T. Lewis or Cooper qb. P. Lewis lb. Ashley fb. Black rh.

BROOKLYN BEATEN

Youngstown, Ohio, Oct. 3.—The Brooklyn Nationals were beaten 3 to 6 by the Youngstown champions in a free hitting game yesterday.

Bell was hit harder than Thomas and Glassburner. Hits by Brown, Starr and Ostidek won the game for the locals in the eighth. Brooklyn tied the score twice. The locals showed the visitors how to run the bases. Nine bases were stolen by Youngstown. Ostidek and Starr each stole three. Hummel drove in all of Brooklyn's runs, tripling twice with the bases full. Maloney was hurt by a pitched ball and retired.

One of Thomas' fast ones took him on his throwing arm. Score: Y.....0 1 0 2 0 0 3 2—8 13 1

He will return and spend the winter in Sharon, having taken a position at the gun works.

KENYON TEAM LINE-UP

Gambier, Oct. 3.—Coach Munro yesterday lined up the Kenyon varsity team against the scrub team as it will enter the Otterbein game on Saturday. Bland was at center, Cor-ton and Platt guards, Southworth and Childs tackles, Brigman and Littleford ends, Clark and Gayle half-backs, Cunningham full, with Coolidge and Clark at quarter.

Kenyon men are taking a great deal of interest in this game, as they are anxious to find out their strength compared to O. S. U.'s and also to see how the new lineup will work, as

BALLOT IS CHAMPION HORSE OF THE YEAR.

BALLOT—MILLER UP

New York, Oct. 3.—Ballot's record breaking performance in the Second Special at Gravesend on Sept. 28th, established him as the champion race horse of the year. His superiority over all the three-year-olds and the older horses which have performed this season is now generally conceded. Turfmen who expressed opinions yesterday agreed that Mr.

Keene's estimate of the horse was based on sober judgment, rather than sentiment or enthusiasm.

That the speedy and sturdy son of Voter was better than Peter Pan was emphatically asserted. That he is the best horse which ever carried the colors of a stable which has included many sensational performers was considered a doubtful proposition.

MRS. H. P. WHITNEY JOINS ALLEY ART COLONY

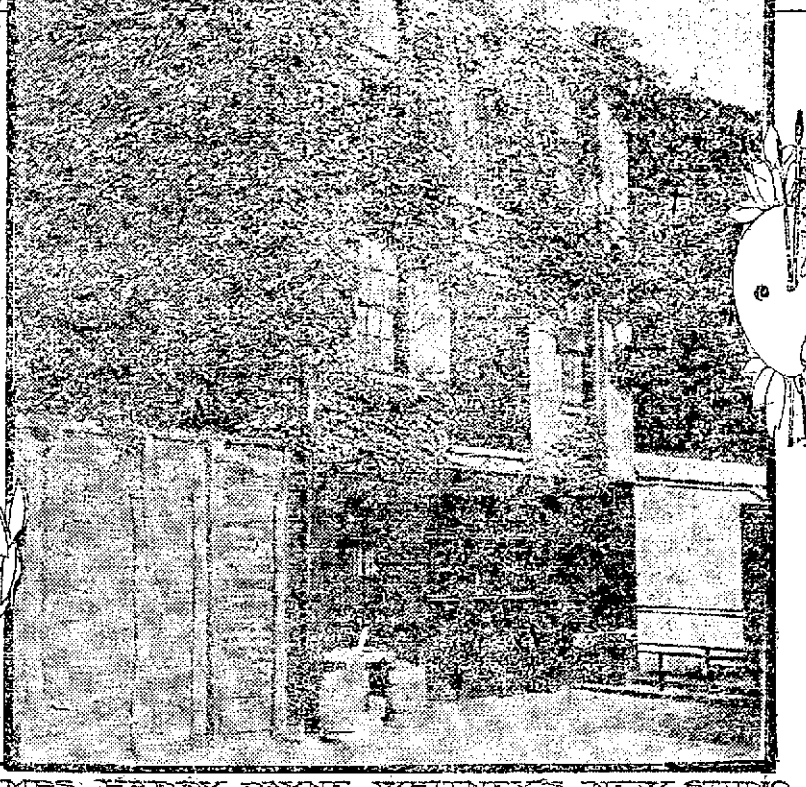

MACDOUGAL ALLEY SHOWING STUDIOS OF J. P. HINES, H. P. WHITNEY, M. J. MONTGOMERY AND OTHERS.

New York, Oct. 3.—On her return from Europe, Mrs. Harry Payne Whitney will join the colony of artists in Macdougal alley, taking possession of the Montgomery stable, at No. 19, which has been remodeled and is now ready for occupancy. Here Mrs. Whitney for the winter will pursue her chosen profession as a sculptress, mingling with the alley residents, most of whom are well known artists and sculptors.

It is Mrs. Whitney's intention to begin at once the work of interior decoration on her new studio. She ordered all the plans for the remodeling of the stable before sailing for Europe last spring.

Mrs. Whitney's studio was used as a stable by a man named Martin up to July 1, as were all the studio buildings in the alley before the advent of the artists and sculptors.

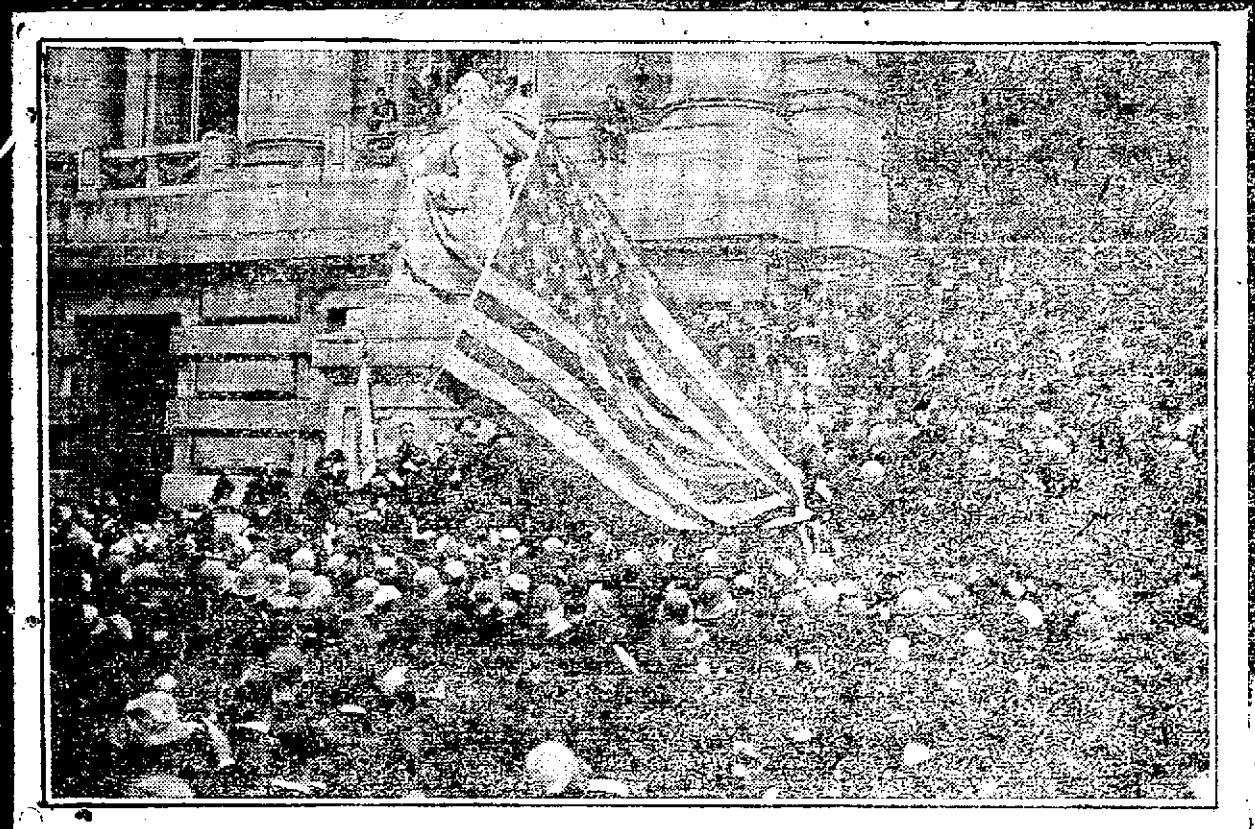

Since the alterations have been completed it is now one of the most picturesque studios in the alley. It is a three story brick building, its sides covered entirely with Virginia creeper.

MRS. HARRY PAYNE WHITNEY'S NEW STUDIO IN MACDOUGAL ALLEY.

Simplicity is the keynote of the interior of the studio. The wood-work in the reception room is pine, which has been effectively stained. A wide brick chimney graces the west side of the room. A series of glass sliding doors has been constructed on the east side for the purpose of exhibiting finished models.

Boss Rule Alleged at Cincinnati—Sleeping Car Burned—Principal Ohio News.

Dayton, Ohio, Oct. 3.—A little time, some legal routine, and then death in the electric chair is about the way things stand for Layton Hines, the confessed murderer and ravisher of pretty Anna Markowitz, and slayer of Abe Cohen, her escort, according to Sheri Boes of Montgomery county. The black man now in jail here, the sheriff says, sticks to his confession made yesterday, to the last detail.

"It is true. I killed the girl, ravished her and shot the man who was with her," the negro confessed. "I don't take back any statement I have made. I tell the truth, hoping the court will be merciful."

A 32-calibre revolver in working order was found in Hines' trunk, to which officers were directed by himself. A bullet taken from the body of Abe Cohen at the post mortem fitted the gun exactly.

Dayton, O., Oct. 3.—Layton Hines, colored, arrested on suspicion of being connected with the murder of Anna Markowitz of Covington, Ky., and Abe Cohen of Indianapolis, Ind., in this city, near McCabe's park on Aug. 4 last, has made a full confession, according to Sheriff Boes. He is said to have confessed that he shot Cohen, assaulted the girl and then strangled her to death. The Markowitz-Cohen murders were similar in some respects to the tragic death of Miss Dona Gilman some time previously, and the mystery of which is still baffling the police officials.

According to the police Hines stated that he had an enmity with a colored woman near the scene of the murder. She failed to keep the appointment. He then saw Cohen, Anna and Bertha Markowitz. He fired his revolver, thinking to frighten Cohen away. His first bullet went wild. Standing behind a tree, he fired another bullet, and when Anna and Cohen ran he shot Cohen. He then fired again, which struck Anna Markowitz. He says he then advanced with his pistol in his left hand and grabbed Anna Markowitz by the throat with his right hand. He admits that he assaulted the girl. She fought desperately for her life, but was overcome by the brawny black. Hines says that he then caught a car after running from the scene, and tells the officials that he did not know until the next morning that he had killed anybody. He was asked about the murder of Dona Gilman, but denied that he knows anything about it.

Boss Rule Alleged.
Cincinnati, O., Oct. 3.—Vice Mayor Pfaff, Auditor Calkins and Treasurer Weller, who had been honored by the Democratic city convention with a renomination for the places they now fill, have refused to accept the places. Four candidates for councilmen-at-large and two for the board of public service also decline to run. The reason given is that the methods that controlled the selection of delegates to the convention were too autocratic and that there was too much of "boss rule" in the convention for officials who had two years ago been elected in a campaign against such methods and control.

Must Relabel Vinegar.
Columbus, O., Oct. 3.—Prominent manufacturers and wholesalers controlling the output of vinegar sold in Ohio met with State Food Commissioner Dunlap and accepted his mandate that vinegars must be labeled for just what they are. Owing to the failure of the apple crop cider vinegar has gone up in price, and other fermented and distilled vinegars are being sold as substitutes. Commissioner Dunlap has given the dealers until Jan. 1 to get these substitutes off the market or to relabel them.

Sleeping Car Caught Fire.
Cleveland, O., Oct. 3.—While entering the Union station in this city a sleeping car attached to Big Four train No. 16, going east, was derailed and caught fire and was badly damaged as the result of an explosion of one of the gas tanks. The interior of the car was almost instantly in flames, causing a panic among the passengers. Station Master William Miller, who assisted in rescuing the passengers, was seriously if not fatally burned. The passengers were not seriously injured.

Strike of Teachers.
Columbus, O., Oct. 3.—The board of education of Symmes, Meigs county, has reported to State School Commissioner Jones that the teachers employed there are out on a strike. The law requires that teachers shall be paid not less than \$10 a month, but the board of education of Symmes having made a maximum school levy of 12 mills, three-fourths of which is put in the tuition fund, finds itself unable to pay more than \$25 a month.

Ohio Now Second.
Columbus, O., Oct. 3.—The Ohio grand chapter of Royal and Select Ma-

sons convened here. M. E. Grand Priest William McLean of Sidney reviewed the work of the past year. Reports of officers show Ohio now ranks second in point of membership in the grand chapters of the order. The net gain over last year places the total membership at 25,698, a number second only to New York.

Men to Replace the Boys.
Toledo, O., Oct. 3.—The 200 boys who struck at the Libby glass works, causing 500 men to remain idle, will not only fail to receive increased wages but will lose their jobs. There will at once be a reorganization of the force by which boys will not be employed and their places will be taken by a fewer number of men.

Hit by Cut of Cars.
Wellston, O., Oct. 3.—George Hively and Ed McManus were fatally hurt. Hively and McManus were standing on the step of the engine when a cut of cars, which had broken loose, ran into them, knocking both under the engine. Hively has been unconscious since the accident and it is thought he will die.

Traction Cars Wrecked.
Steubenville, O., Oct. 3.—Motorman Noah Adams was probably fatally injured and 20 passengers were more or less seriously injured in a collision of two northbound Steubenville and Toronto traction cars here. The collision is said to have been due to defective signals and a heavy fog.

Fell From Roof.
Columbus, O., Oct. 3.—Nathan Croy, 72, fell from the kitchen roof at his residence and died an hour later from internal hemorrhage. Mr. Croy went up on the roof to make some repairs and when near the edge lost his balance and fell to the walk below.

Two Crushed to Death.
Bellefontaine, O., Oct. 3.—John Fry and John Neer were instantly killed by the falling of a boiler under which they were working in the Big Four railway shops.

ITCH IN THE SKIN, NOT IN THE BLOOD.

People With Eczema, Etc., Make Grievous Error By Taking Medicine Into the Stomach.

When your hand is scalded with hot water until it blisters and burns you don't drink medicine to cure it. You apply a healing lotion to the injured skin.

Eczema, psoriasis, salt rheum, barber's itch and other such diseases of the skin cannot be cured by filling the stomach with medicine any more than you can cure a burn by drinking medicine. To cure these diseases you must apply the remedy on the part affected. The diseases named are caused by germs in the skin. Kill the germs and the disease goes away and the skin is left pure and white as nature intended it to be.

That mild, simple liquid, oil of wintergreen, properly compounded in D. D. D. Prescription, ronts the germs and heals the skin so perfectly that you can never tell where the disease was.

"No tongue can tell nor pen portray what I suffered for ten years from eczema," writes Mrs. R. R. Latta of Garrison, Mo. "I was treated by the best doctors in the West, but received no benefit. Three bottles of D. D. D. cured me sound and well. Six or eight months have passed and there is no sign of a return. My advice to all is, don't delay. Begin the use of D. D. D. at once and be cured."

We have carried D. D. D. for a long time because we know it takes away the itch and we believe it to be an infallible remedy in the treatment of eczema and other skin diseases.

LOST AN ARM

WHEN A GUN WAS PREMATURELY DISCHARGED MANY YEARS AGO.

B. F. Milligan, Who Had Charge of the Piece at the Time, Visits Newark After 25 Years.

Mr. B. F. Milligan, of Newcomertown, O., is in the city visiting his brother, Zach Milligan, at his home on Buckingham street, for a few days. Although Mr. Milligan has been away from the city since 1872, he is still remembered by many of his old friends and is receiving a hearty greeting.

Mr. Milligan called at the Advocate office on Thursday for the purpose of looking over the old files of the paper, desiring to find the account of the terrible accident that happened here on the Fourth of July about 1868, when Lafe Pickard had one of his arms shot off at the bar-becue held in Jones' grove. The particulars of that accident are still

fresh in the memory of many of Newark's older citizens.

An immense crowd had assembled in the Jones grove, which was then located about where the Mill street school house now stands, for the purpose of celebrating the Fourth of July, and among the features of the day was a roast ox. There were several brass bands on the grounds and to make the occasion interesting a small cannon that went by the name of "Mad Anthony" was fired off every few minutes. The cannon was in charge of Mr. Milligan, an old artilleryman, and the main gunner was Mr. Lafe Pickard. After the cannon had been fired off a number of times, Mr. Pickard was ramming home a fresh charge in the heated gun, when the powder caught fire and there was a premature explosion. Mr. Pickard had hold of the rammer at the time and one of his arms was torn off below the elbow. The injured man, with great nerve, walked across the grounds, entered a hack and was driven to the city, where the injured member was amputated and cared for.

It was a sight that will never be forgotten by those who witnessed it.

Lunacy Inquest.

An inquest of lunacy was held by the Probate court Thursday on Miss Jeanette F. Watson, a young lady living near Utica, this county. She had been in McMillen's sanitarium at Columbus for some time, undergoing treatment for nervous trouble, and her brother, William B. Watson, filed an affidavit of insanity against her. Miss Watson appeared to be an unusually bright and intelligent young woman, and after being examined by Dr. J. P. Latimer and Dr. Homer J. Davis, they both pronounced her to be of sound mind, and the court discharged her.

GRANT MONUMENT UNVEILED WITH GREAT CEREMONY

Cincinnati, O., Oct. 2.—In the presence of a distinguished gathering that included many old army associates, a memorial tablet at the birthplace of ex-President U. S. Grant at Point Pleasant, in Clermont county, was unveiled. It was the first of three days' celebration of the centennial and home-coming week of Clermont county, and thousands of native sons joined in paying honor to the country's most illustrious warrior son. A bronze cannon and memorial tablet had been placed on what is believed to be the exact spot where was located the house in which Ulysses Simpson Grant was born and about this were gathered Governor Andrew L. Harris, Lieutenant General Henry C. Corbin, United States army, retired; Brigadier General Fred D. Grant, a delegation of the Ohio commandery of the Loyal Legion, and relatives and other guests. Addresses eulogistic of General U. S. Grant were delivered by Governor Harris, Judge James B. Swing of Cincinnati and others. The response in acceptance of the simple memorial was spoken by the soldier son of the soldier president, General Fred Grant.

Horace Argo, the recalcitrant witness, who is a gambler's clerk, was hauled into court on a charge of contempt and was formally granted immunity, but steadfastly refused to answer questions which might have thrown light upon the alleged relations of the gamblers and police.

FOREIGN MISSIONS TO BE WORK OF MISS WICKENDEN

WHO IS A GRADUATE OF DENISON UNIVERSITY WILL GO TO CHINA.

Y. W. C. A. Finance Committee Meeting—Historical Association Elect Officers.

Granville, Oct. 3.—Denison is to have a new representative in foreign missions. Miss Ida Wickenden, '07, whose ability and personality made her a prominent member of the class, has been appointed by Baptist Missionary Union to a position as science teacher in the women's department of Wayland academy, which is located at Hangchow, China. This is an excellent school of full high school grade, which is taking a worthy place in the new educational movement in China. Its principal, Rev. W. S. Sweet, who has been in the States for a furlough, and who spent part of last year in Granville, returned this fall to resume his work.

The finance committee of the Y. W. C. A. had charge of the last meeting, and Miss Alva Edwards, who is the chairman of that committee, led the meeting. She cited a number of reasons for giving to causes represented by the Y. W. C. A., these reasons being based upon Biblical authority. There are six distinct enterprises to which the association makes an annual pledge. These were explained briefly by different girls. They are as follows: Foreign Missions, Home Missions, The National Board of the Y. W. C. A., the State Work of the Y. W. C. A., the Summer Conference and the World's Work of the Y. W. C. A.

At the annual meeting of the Granville Historical Association held this week, there was a good attendance of the members, and considerable business was transacted, among which was the election of officers, which resulted as follows: Pres., A. S. Carman, first vice pres., H. R. Hundley; second vice pres., Bunyan Spencer; secretary, Mrs. Burton Case; treasurer, Mrs. C. B. White; trustees, Mrs. C. J. Baldwin, Mrs. Burton Case, Mrs. J. B. Jones, W. H. Kinsman and W. P. Ullman.

Two more good men have been pledged by the Betas. They are Charles Stillwell and Adelbert B. Conley.

Judge McCann of Dayton, was in town the latter part of last week. While here he visited at the Sig house a short time and received a cordial welcome from all the boys.

On Tuesday, October 8, John L. Dinsin will hold a public sale on his farm, one-half mile north of the village, when he will sell 50 head of thoroughbred merino sheep and farm utensils.

On Sunday morning at the Presbyterian church communion services and reception to new members will be held, and preparatory services will be held in the afternoon at 2 o'clock.

Mr. Eason and wife with a set of napkin rings and a set of napkins as a slight token of the appreciation of the members of the Home, and helpers for the faithful service and many kindnesses of both Rev. Mr. Eason and wife. Rev. Mr. Eason responded feelingly and the last meeting held by him as pastor was conducted in the sitting room.

The W. F. M. S. met with the Home family on Tuesday, October 1. There was a good attendance and a most enjoyable program was presented.

A YOUNG WOMAN TOOK STRYCHNINE AT MT. VERNON

NO CAUSE KNOWN FOR HER RASH DEED EXCEPT MORBIDITY.

As She Was Surrounded by Every Comfort in Her Home—Had Threatened Suicide.

Mt. Vernon, Oct. 3.—Bessie Shellenbarger, the 16 year old daughter of Mr. and Mrs. Frank Shellenbarger, of West Gambier street, made an attempt to end her life on Wednesday morning by taking strychnine. Miss Shellenbarger is still alive and may recover although her condition is critical.

Miss Shellenbarger's parents are at a loss to know what prompted their daughter to take such a desperate step as she was surrounded with all the comforts of life and seemed in the peaceful state of mind with all. They

cannot call to mind any quarrel with anybody over which Miss Shellenbarger might have grieved until it preyed upon her mind and she was prompted to commit the rash act.

According to the story told by the girl's father, Miss Shellenbarger has been carefully planning for some time to commit suicide as she purchased the drug over a week ago and kept it hidden at her home. A letter was found on Wednesday morning shortly after the attempt was made in which Miss Shellenbarger stated that she was tired of living and had purchased the drug over a week ago. She also told how she wanted to have any personal effects divided. She gave no other reason for her action.

Physicians were called and the girl will probably recover from the effects of her rash act.
